listening exercise

listen first

On a sunny weekend, friends visited a zoo to explore the animals. Their favourites were a pride of lions rested under a tree, a herd of elephants, a troop of monkeys and a pack of wolves.

Later, they ventured to a farm close by. Near a pond where a shoal of fish swam, there was a lot of noise from a gaggle of geese, although it didn't affect the flock of birds overhead, a flock of sheep or a herd of cows who carried on grazing peacefully. In the farm's garden, a swarm of bees buzzed around collecting nectar.

They also noticed an army of ants, carrying bits of food. To conclude the day, they visited a friend's house. On a previous visit, their friend's cat had a litter of kittens. This time, their friend's dog proudly presented a litter of puppies.
